David Lynch at the Bonnefantenmuseum
November’s must-see museum exhibitions

Fans of David Lynch’s enigmatic and surreal visual style, a hallmark of cult-classic movies Eraserhead, Blue Velvet, Mulholland Drive, and the famed TV show Twin Peaks, can see the same mysterious and unified vision in the lesser-known artworks of the American filmmaker. They’ll be on display in the Bonnefantenmuseum’s retrospective devoted to Lynch – a showcase of 400 works that date from the 1960s to present day.
